

In Tribute to a **Giant of Energy Advancement**

We honour the life of Malcolm A. Jones

The NGC Group of Companies pays tribute to a man who fearlessly led NGC to its place as the “prime mover of gas-based development” and under whose guidance the gas-based sector as we know it has taken shape. He served as the NGC General Manager from 1984 to 1991, President and Managing Director until 1996 and Chairman from 2009 to 2010.

Malcolm’s leadership consolidated NGC’s position, extended the reach of its operations and established our gas model of development across the globe. From the formation of Phoenix Park Gas Processors Limited (PPGPL) and the development of the ALNG trains at Point Fortin, Trinidad and Tobago attained recognition in the global gas-based industry.

During his life, Malcolm was recognised with the Chaconia Medal, Gold and an Honorary Doctorate from the University of Trinidad and Tobago (UTT). Today, the NGC Group honours the Malcolm A. Jones we remember: a beloved President and Managing Director, a pioneer and innovator. We are proud to have served alongside him.

The NGC Group extends sincere condolences to the family, friends and colleagues of Malcolm A. Jones.

May he rest in peace.

Malcolm A. Jones, B.Sc., M.Sc., C.M.G
January 15, 1943 - August 4, 2017
